It usually has around 80-220 players on at a time. Perhaps you were only looking at one server having 30 people..?

The server player counts aren't accurate, since almost everyone are lazy fucks who connect directly, thus bypassing WestwoodOnline/XWIS completely.

Hey Wes, it's cool that you decided to pop back! Eve online and League of Legends just doesn't compare to renegade

thanks, yea renegade is still my favorite game of all time (goldeneye's in there too..)

I've been thinking about it recently, and remembered this forum randomly... like 4 years after I made the account lol

Kudos to everyone still active ingame and on forums. I almost get a larger than life feel about the game and the still active community. Thanks everyone.

Hate to break this to you but in the am hours (central time) Renegade has ~30 players total these days.
