So I just got the internet back after a few weeks of twiddling my thumbs and go online to find this -

<http://www.movies-links.tv/index.html>

It's been like that for a while now, they don't stream movies anymore but instead it has become a website for movie discussions.

Why even host a website if that's what it's for..

well actually they kept moving names, so they've changed it again and are no longer dealing movies but showing trailers and becoming more a site about commenting on movies, boring -.-
