I seem to recall they did have a00 nicks before xwis took over.

They were in the top 10 (4th? 5th?) All-Out-War (nightma's server) actually had the highest nick back then....

Anyway, double post because I remembered my biggest regret when it comes to Renegade and it involves these forums. Not sure if people remember, but I started some pretty major beefs back in the day (which was of comedic value to me, but I guess actually offended them) with the likes of MWRright, Ballstein, etc. Ultimately, I ended up playing against them, won, then posted the results on the forums and drove them away from here and Renegade

i think neither of them even played 1v1s or anything of the sort so there's no reason they should have beaten you

trooprm02 wrote on Wed, 11 August 2010 12:181)The destruction of jelly server: before xwis took over, it didn't have the highest a00 nicks, but it was still top 10 and that's where all the good people played (including top clanwars players), but soon after they acquired the higher nicks, most of the clanwars players stopped playing renegade entirely, coupled with all the competent mods/admin leaving jelly gave me nowhere to play really

i get the feeling that you keep saying this everywhere because we don't let you play on the servers

Wyld was not a competent mod in my eyes; he was literally afk for two years (due to personal issues) and would only come back to do shit that drove everyone else crazy

like atm'ing players that were known to break rules and abuse other players, and he ignored everyone else when they explained it to him

what other competent mods and admins are on your list?

i'm quite certain that our mods and admins are competent because you're not allowed on the servers - we're doing the right thing

clanwars players moved on for the most part; you can't expect them to stay playing in a public server for 6 years straight
many of them still do

Starbuzz wrote on Wed, 11 August 2010 23:16 Just a lot of memories for sure. but personally the lowest most insulted point in Ren was here:

http://www.n00bstories.com/forums/index.php?t=msg&th=12650&start=0&r_id=8926

never had such a raging dumb douche halfwit who didn't know how the SBH suit works in-game yell so much xxxx about "cheating" at me. the thread is funny now.

that's ridiculous; the guy thinks too much of himself

you should have laughed at his ingame rage instead of getting upset by his accusations, but you handled it well

Troop I'm not sure if you're aware of this ... but none of those people you hold in such high regard

actually did anything ... Wyld and hammerh0 were idiots as far as I'm concerned, caused way more drama for what they did. Wyld was an admin in our server and played maybe once every 6 months ... I don't know why you view him as such a god like figure when he really did nothing except come back occasionally and break the rules we had set because he didn't even read the mod forums or anything. He's a mod at st0rm now so you might want to check that server out if you really need to contact him, I'm sure he'll be in IRC not playing.

Now most play in noobstories or atomix.

@wyld, maybe recently....but back in the day he played alot (with his kid in the game too) and was one of the few pub players that would listen when we had a plan, and the fact he could kick/ban retards that started shit with me/whoever else was playing with us was a plus.

@anthrax, lol its funny how I can only play in jelly for like 5min before someone looks up my name after I rip their face off (canyon, tunnels).

if you hate jelly so much then stop trying to get in, it's as simple as that
if you're a fan of Wyld then you should appreciate what we're doing; keeping the retards out
i'm sure he would appreciate that as well

why do you praise beirney now, i remember you accusing him of cheating because he kept killing you
you didn't even know him either

hammerh0 was removed from admin

Herr was removed from admin and never came back

qwiksnipe moved onto other things in life, he came on irc a few times and played a little here or

there

every renegade server has experienced a loss in traffic

stop making up nonsense and trying to talk like a badass clanwars player, they hate you over there too

But as it stands, the people that care so much on these forums don't even play this game, and when they do its only in their servers so retard pub players will think their good. you just described yourself.. played longer than anyone here and still not half as good as anyone ... i ripped your face off, you sent me a PM which told me right away you were a nerd ... then i banned you. glad to see you live in a fantasy world though.

here's the log of the whole map.. just so you can read about how retarded you are. i kill you, you kill me (i had like 5 HP at this point but i'll give it to you anyways), i kill you ... you go nuts ... i check IRC .. oh look its trooprm02 ... evading his ban for the 9000th time ... (nice life) and btw liquid would beat you 1v1 anyday .. youre TERRIBLE..

wait i just read your post again .. you said "one of us" .. thats funny ... it's like you think you're part of cw.cc at all when you're clearly the worst player there, you don't associate with anyone.. and no one there likes you... you lie about cars you drive, you can't even be honest on the internet ... you're probably the most insecure person on renegade and you try to make fun of someone else .. really. you're the biggest outcast on cw.cc why even say one of us? ... you're awful dude lmao.

you were in ILL sniping clan(the one that anyone that wanted to join ILL was automatically put into), i was in the real one(after 5 days of lurking... which is apparently months to you note: this was the first time i ever got into cw.cc so i didnt know any strategies or anything) ... you are an idiot, you got kicked out of ILLS (the shitty sniping clan) for cheating with ILLSnake or whatever that faggots name was and then you both ragequit and made TRPM clan ... (worst clan of all time) .. dont bother reading the logs? that's funny because obviously you dont want to be proved how big of an idiot you are ... ONCE AGAIN... anyways it's not like you're fooling anyone that you're even half as good as anyone in cw.cc ... pretty sure CFG > BiH

ive beaten you in numerous 1v1s .. no one can even take you serious anymore, so why bother beating you AGAIN .. just go kill yourself

Sup Hot Dogs, Big to the Em - Eh - Cee here layin' down some straight talk for all you nerds.

Speaking of 'Eh,' I get asked this question by a lot of people:
'JMac, why are Canadians so fucking dumb, and get no respect from the rest of the world?'

So I decided to get a Senate hearing rolling on this burning question, while we were all rolling and burning up some awesome skunk. The results blew our fucking minds.

Canada's population is about one-tenth of America's, but the level of Down Syndrome between the two nations is quite similar on average. Observe:

Naturally I had to investigate this phenomenon, so armed with my years of Vietnam POW skills and my 'retard monitor' ...

I ventured into the Great White North in search of the source of Downs. After triangulating the signal, it locked onto the city of Ottawa and I found the source: some household with a shitty

Hyundai parked outside. It was supposed to be a Mercedes C200 or some shit but this troopr02 nerd just lies his ass off and makes up so much shit that he's definitely the leading source of Downs in Canada, with TiLDeth a close second, although he may have since killed himself by accidental strangulation with a 50 pound bar.

After careful research, I determined he was also the fabled dork who pretended to DC during a 1v1 on Field.mix with TD and ran to SMAK claiming he won, when really he lost tons of units and TD was parking his Art right outside troop's WF, pretty much sealing the game.

Even more investigation showed he nuked a dude's pedestal in a 1v1, only to realize that pedestal's were disabled but he quit saying he won anyways, when in reality his base was getting torn to shit.

Because he's the most laughed at person in all of Renegade, troop can only pretend to make up shit to convince people he's cool when in reality he's fucked in the head. He also challenges public players to 1v1's because he can't win a match against someone decent in the CW.cc league.

When he actually does play public players, he still intentionally glitches C4 on their barracks' MCT because he's genuinely not that good.

So, I implore everyone in Canada to encourage troopr02 to take a hose, strap it to his Hyundai's exhaust, put the other end into the car, start it up, and die of Asphyxiation. Or stick his head into an oven. Whichever is more convenient. Otherwise, America will have no choice but to invade and save your shitty country ourselves.

No one was looking for a game, his brain doesn't function correctively because he does not have the cognitive ability to rebut anything with conversation so he has to challenge people to one versus one... which literally solves nothing. It's probably a side-effect of the multiple physical beatings he recieved as a child. Where if he didn't get to bed early enough his father would challenge him to a 1v1. He would immediately retreat to his covers out of fear. Ever since then it is his only way of dealing with problems.

1v1 ctf? lolwut? No....

Because 1v1 is boring as fuck, and the only actual fair map for both teams is field - which still favors gdi anyway. I'll 1v1 field you if you want, but we'd have to 1v1 snipe after so i don't bore myself to death. Hell, we can even make it a cw. The best part is that if i lose i could care less, but if you do, it's the end of the world. So, whataya say!?

Okay.. I read through this, except for the last page, and am mortified..

I don't "hate" troop, I've never been associated with the guy in any way, so there's really no reason for me too hate him. Though, all of the shit he's done is pretty fucking ridiculous.

What I don't get is, why do you constantly, CONSTANTLY, go around thinking that you're the best person ever in Ren? I mean, from what I have heard, and seen, you have lost probably about 1000 1v1's? If not more? And won about a hundredth of that? Lol..

What's even more sad is the fact that you talk like you're so good, on a game that has a whopping 200 active players? Dude, wtf.. This game doesn't really take much skill to play at all, anyway. The game is 8 years old; I think it's time that you move on. I think you have been doing this same thing for years now. I'd be bored as hell lol.

Now, I assume I'm going to get bashed by you after reading my post, read over it but say that you're not even going to read it (points to Anthrax's post above), or you're, more then likely, going to challenge me to a 1v1 saying you're going to "rip my face off." So, before you do that. I have a life; I hardly play this game anymore. Plus, I hardly AOW, either. I mainly snipe (which you will probably give me shit for that, too). I could sit here, and be like you, and gloat about "how good I am at sniping that so many people thought I cheated and I won so many 1v1's." But wait, I wouldn't be like you at all, Imfao.

trooprm02 wrote on Wed, 23 June 2010 17:09Hey guys, its been around 3 years since I was active on these forums but have come back to renegade for the past several months now, so Crimson kindly unbanning my account Im sure most of you remember me as someone who would start alot of shit (and maybe I did) but I was just fucking around most of the time and just got taken too seriously I guess....

Anyway, first off my apologies if anyone took offense to past beefs but now im focused on being

more productive than anything. Even back then tho, the renegade-wide IPBot that every major server currently uses was actually my idea (based on a global wolbanlist), and you can still find me in readme's for various other stuff (BRenBot, dead6re's, etc).

/essay, you will see a few big releases from me in the very near future and I still do play very competitively, so if you are looking for a game, you know where to find me

its like every gaming community features at least one megalomaniac who is just completely out of tune with reality, believing he's the greatest player to touch this planet.

On another note, you people are still asking for 1v1's in a serious tone? I thought it was a joke this

whole time because 1v1's show skill in this games overall structure

i killed your ref early on, so i was getting money all the time while you were running out. since it was 2v1, i have to worry about an orca AND the other guy continually sneaking into my base, and yet the longer it goes on, the better for me. you were both out of money after i killed your 2nd/3rd orca (while i had a shitload and the base was all mined) - i rush the AGT, get a tech in, you leave. 1v1s are some intense fast-paced shit on most maps...spawn points being a bit too crucial is the only gripe I have. Pretty sure people who call them boring either haven't played 1v1s; are so bad that they don't even understand the tactics; just don't enjoy the gameplay and use the word "bored" in that context.

I could dig up more SS if you'd like but I don't think I've ever played against you when you're not on a bot name .. no one would ever play with you and would only resort to you as a bot for them in an act of desperation because you're always around what with the not having a social life and all .. and the fact that you're pretty terrible, you're a last resort.

illegal skins? not aware of any of my skins being illegal, but these were not reported clanwars anyways.. 3 clanwars? i've played around ~50-70 legit clanwars and tons of funwars .. you've played like 3000 clanwars, logged 9000 hours of renegade.. besides my win ratio is probably 90% .. whereas yours is probably 5%..

anyways .. done posting in this topic as it's obviously getting nowhere. i've beaten you 30+ times troop and you might have beaten me once on a rushmap somewhere in your career. i don't really care how ya'll percieve my renegade abilities and this topic is just stupid. troop is obviously an undercover comedian, no one is that dumb. i still have 3 other screenshots of me and karmai beating you and trojan on field and some other maps anyways.

But the parents are to blame. Either one, like I said, his parents beat him relentlessly everyday, therefore he gets on here and constantly harasses people to make himself feel better. Or two, his dad was gay and he was just the cover-up. So either way, he's unwanted. And the only place he can turn too, Ren, he's unwanted too.

Troop, you should really think about suicide.

Ok this topic went from slightly humorous to downs once gohax/argathol started posting in it...I'd ask em for a game, but I'd want my 5min it takes to destroy their base on under back.

Sad part is, 6 pages = 0 games...looks like ill have to start smurfing again to make it look like im new to get anyone to play me these days

I don't, nor have I ever, played a legit 1v1 aow. I snipe more than anything, and pub AOW. So yeah, you'd probably destroy my base within 5 minutes due to the amount of AOW's that you have played, and lost, but have learned from. I hardly even play this game anymore, though if you do want to 1v1 snipe, I wouldn't mind destroying you like we did your clan back in DI..

I play this game everyday and I'm a moderator at Jelly I think I still play this game :/ but nice talking out of your ass as usual you made me lol there. Nice 0 credibility you have I'm proud of you.

Let's twist this...there's not a server your allowed to play in and yet you make it a point to post on a forum. LOL nice life to you bragging about how good you think you are on a video game. Man being a hypocrite sounds like fun the more I watch you do it.

Also if you tell someone they have no life again I'll just show everyone the countless times you try to join jelly over and over and over just to be kicked out again so you can try and join later. You're somethin else troop.

Think of the situation like this...

Chewbacca is a Wookiee from the planet Kashyyyk. But Chewbacca lives on the planet Endor. Now think about it; that does not make sense!
Why would a Wookiee, an eight-foot tall Wookiee, want to live on Endor, with a bunch of two-foot tall Ewoks? That does not make sense! But more important, you have to ask yourself: What does this have to do with Troop? Nothing!
Ladies and gentlemen, it has nothing to do with troop! It does not make sense! Look at me. I'm a forum mod defending troop, and I'm talkin' about Chewbacca! Does that make sense? Ladies and gentlemen, I am not making any sense! None of this makes sense! And so you have to remember, when you're wondering what to reply, deliberatin' and conjugatin' the Emancipation Proclamation, does it make sense? No! Ladies and gentlemen of the forum, it does not make sense! If Chewbacca lives on Endor, you must admit troop is better than you at 1 v 1's, and he is right!

No, reborn is posting stuff that is approximately as relevant as the rest of the thread. The content reborn is posting is also considerably more interesting than the rest of the thread.

Furthermore, reborn's content actually has (a limited) relevance to reality.

I therefore pronounce reborn the winner of the "Troop vs Liquid/Anthrax" topic, and suggest we move to lock...
