How do you define crap? Wisdom gained through his experience or all the spam you generate with your sig?

What has the date of reg got to do with how much wisdom in the game he has? Wisdom comes from experience, knowledge does not always. You can be the first to post, but that has no bearing on HOW you post , and what you post about.

THERE ARE NO CHEATS FOR RENEGADE!!!!!! Just sore losers.Actually, there are some server side scripts that give Nod the advantage, but just avoid those servers.

Yeah! I am tired of going into a game and seeing Hotwire carrying a nuke beacon, being stealthed, and having a +5 battleaxe of repulsion. Never fails - I tried to play last night with my Quake III character on the Under map, but kept getting taken out by an Engy with a squirt gun. QUIT WHINING!!!!!!

Demoman has been around since the very early days, was a beta tester, and leads the #1 ranked clan in Renegade. I don't think he just "showed up".
