Hey,

i tried to load the Lua ssgm plugin.

But it crashes my FDS, it says:

"Loaded LuaPlugin.dll

Error loading "AdThinkHook"

any idea how to solve this problem?

i had the same problem with LUA\_v5

replace the hooks.dll with the one who is enclosed to ya plugin file (zip file?)

so i think it's a hooks.dll error

which LUA version u got?

EDIT:

ja...

there's also a little bug in LUA v5 where the console says it's v4^^

[KHLordOfDeath wrote on Thu, 09 September 2010 13:50]

which LUA version u got?

Well its says LUA v4 in the console so...

that's a hooks.dll problem

Like [KH]LordOfDeath said thier should be a hooks.dll in lua zip or  
You can try this not sure if this version works with roshambos lua plugin
