Does anyone has the GDI+Nod Helipad for me in renx format?
And by any chance the Teleporters used on some maps, the 'phone-box'
you can walk into and then teleport.
I think Tib-Pit-3 uses them

Its for my new map im working on for Coop.
Thanks in advance,

and, if you do give them to me, can i upload them to game-maps?
With proper credits of course, im sure more ppl will find it
very useful..
