I don't know lol. I just stole it from the other Red Alert icons and put my pixel engineering skill to good use!

I took the letters from the unit icons on the right side:

That's awesome! A kit or a diecast model? I am curious! I am very nerdy when it comes to helicopters lol. Never grew out of them. I am rewarding myself with 3 Hinds for this Christmas too lol.

I have only 1 little Havoc but it looks very good. Was a kit from Revell. I will post pics later tonight after coming back from work.
