I finally got around to getting my 360 on live... figured I had to really when I bought NFS Hot Pursuit.

So now I figured I'd see if anyone else here had this game or had any suggestions for other games to play on live, besides the obvious COD Black Ops.

Anyways if any of you are into NFS HP come find me on live, my gamer tag is ChewML.

Halo Reach.

I don't have LIVE at the moment, but I might pick it up soon. I also want to get Hot Pursuit.

In fact... there are a lot of games that I want to get. I hate how they all come out at the same time..

Lol?

Anyway, assuming you're new to live, you're aware of all the new stuff like Netflix, Facebook, Last.fm, etc, right? May want to get on that.

Also, definitely try Forge in Halo Reach on Live. It's awesome.

You don't need 9000 dollars for a PC to know that it will run a game, no matter what... silly :V

My laptop does this, and it was only a couple hundred (like an Xbox 360).

I have a gaming laptop, a regular laptop, 2 gaming PCs, 2 Xbox 360s and a Wii. Also hand-helds.

While they're not all mine, we have a Wii, PS2, and about 8 PC's / laptops. And 4 TV's.

So no, I ran out of jelly
