This may not be a mod q but im asking how to edit maps with renegade editor? what do i have to do to add trees, doors, respawns, ect...?

plz help me out! im looking to make a cool mod/map but i need the know how first!

It's very confusing, I know. To make something appear, select what you want and click "make" at the bottom screen. Get some tutorials like ren-help. Contains very detailed explanations but I don't remeber where I got it. You're going to have to ask someone else.
