Hello all,

What?
i would love to have a new banner for our mainpage on http://www.renegadexserver.com
It must be Renegade-X themed and fit the page design.

Requirements
The dimensions must be 975x69 pixels.
You can submit more than one image. You must submit the image in this topic.
So you will have to create an account on our forums, i don't think that poses a problem.

Prize?
I will gift to you on Steam a Unreal Tournament Package containing the following games:
Unreal Gold
Unreal 2 The Awakening
Unreal Tournament Game Of The Year Edition (UT99)
Unreal Tournament 2004 Editor's Choice
Unreal Tournament 3 Black Edition

You need a Steam account in order to receive the prize. A Steam account is free and you can download
and create one by going here: http://www.steampowered.com
Or if you already own a Steam Account we will use that one

Deadline
This competition will run till December the 31st 2010. I would like the new banner active on site on January the 1st 2011
We will hold an internal moderators and admins only vote for which image to use.

Thanks, greetz zunnie
