Hey guys, now that we have a few servers up n running for CSS i was thinking it would be nice to have a scheduled war going on

I personally really favor the map CS\_Assault and really like the map. Especially when im Terrorist lol.

I would like to invite everyone on Friday the 7th of January 2011 @ 8:00PM Dutch Time (2:00PM US NY time) to come join our Assault server for some fungames and get the server going.
