I have been inside the power plant tube, prison campus on rescue and retribution mission, and now I've jumped over the gates in the tutorial mission. I have screens of all. If you want me to try something on the missions, etc., then ask and I will try to get it for you. Anything you want to know or ask, tell me. imdgr8one.

Cool. I always thought there was a 'easter egg' behind those walls. Imagine my surprise to see that in Gmax there isn't even a complete path...

in "Scorpion hunters", the path that branches off but is blocked by rocks (near the GDI location) does finish, in a rock wall.

Those places are easy to get to all it takes is determination and a little time. Besides just check it all out in Level Edit there are no secrets in the levels I've checked it all. (There are secret rooms without weapons etc. but nothing leading out of the story.)
