This Video includes content from WMG and UMG. It is not accessible in your country.

fuck you GEMA :/

Excellent video! Some very epic battles there

I really like the skin that was used for the tank shell contrails. Is this still available somewhere?
Also the Nod vehicle skins are pretty good as well.

very good funwar indeed. and it is a nice move that he put the names of all players to the end of
the video.

Excellent video! Games looked like fun.

I just don't like the skins and stuff that the camera guy had, though. Especially the ugly Nod vehicle skins.
