Wait... what? Nikki is banned? LOLWTF... Guess I have missed a bit since I have last read up on these forums. Seriously though banning nikki is sad, not much life in these forums. We need someone to dig up the older stuff and remind us why we came here in the first place.

Wasn't a permaban- at least, I don't think so.

I'm down, they can't ban us all... well I guess they can, but that would defeat the purpose of a forum.

Nikki was banned for 1 week for bumping old posts after being repeatedly warned not to. He only has just over a day left on it.

To be fair, they were hilarious, and didn't really do any harm to the forums.

Racer X got shafted by really bad production, which afflicts pretty much any album by Shrapnel Records. It took me a long time to get past it, and it doesn't do the vocals any favors.

But aside from Dokken/George Lynch, they're the only 'speed metal' I really can listen to.

LOL! An old co-worker used to blast Heathen in his 80's thrash mix. Pretty good substitute for caffeine while working at 4AM.

The only thrash album I own is Anthrax's 'StD,' so you can tell I'm not huge on thrash. I gotta keep it bubble-gum.

I saw them live a couple years ago. Small venue, epic show.

They've finally released a full-featured album since their 1991 Victims of Deception:

Anyways, see PM for why I brought 'em up.
