This looks cool.. as hell... Let me know whenever this gets released, I'll definitely be downloading this.

Btw, is there anyway (or have you) covered that anti-material rifle for Ren? For client usage. That gun is sick

Rp2 will IDEALLY be released standalone by the end of the month, no promises however.

As for the M82... yeah, sick is about the same word I'd use for it, possibly in a different context though >.> (Although it does look better now that we stuck the old model back on it, as the 'new' model was high detail, but no texture, so it just looked like aids.
