Well of course I become bored with school out and need something to distract me from the grim reality of life. Now I use to have three copies of Ren with one being C&C TFD (Glitchy POS) and can't find any of my CD keys. Is there anywhere I can get a new one? I really don't feel like going through Amazon or the like to get one. I tried checking XWIS but it said my Renegade account wasn't active even though I've used it in the past.

I still have a few unused Renegade discs with cd key lying around. I can sell you the unused cd key for 5 € (over paypal).
