You were automatically q-kicked because your ISP range matches that of a known and annoying Finnish cheater.

If you make a topic in the bans sections at <http://jelly-server.com/forums/> it'll get removed. Don't worry about it.

you use an ISP that's used by a serious cheater/ban evader that we banned entirely we can allow you in, just let us know the name you were on and try posting on the jelly-server.com forums, like cmatt42 directed we're over there, not here
