Quote:It happened a long time ago. My friend was playing Jelly and I was nearby. Then I went shopping and left him. After I came back he told me that he was banned from Jelly, because he typed "Pepl go to Claut-zon" 5 times. Ahem, that is weird. Why the mod just didn't mute him? The more stranger thing that I see, is when I'm trying to join Jelly its said that I was banned for *cheat name removed*by a mod from IRC. lol, I never used hax or anything like that, and how that might be? mod from IRC banned me for hax. How could he notice my friend hacking?

Please, explain me what is that all about? Was that "Pepl go to Claut-zon" a RGH?

Oo

and I want to address him" etc etc etc
