I don't know if this was already saied, but it'S a great tactic, to place a ion under the airstrip on the tunnellu need 2-3 ions, to destroy it

only takes 2. just put a bit past the windows. 1 does like 60%, and it's really pretty easier to get there, even if tanks are defending. just go up the ramp to the hand, and then jump down into the driveway thing. very useful
