i would like to ask if someone would Bone TF2 Models for me, if i give him those. There are 3 Diff sentries, Spy, Soldier, Sniper, scout, Pyro, Medic, Heavy, Engineer, Demoman. All with Full textures for Red and Blue Team. All Files are from Max 2009. With High Poly.

i plan to make a Mod by replacing Following Chars with that:

Gdi Soldier= Scout, Heavy= Sydney Pic, Sniper= Havoc, Spy= Stealth Black hand, Medic= Technician, Demoman= Gunner , Soldier= Rocket Soldier, Engineer= Engineer, Pyro= Black Hand Flamethrower

Images to Each Model ( They are not perfect, since they need optimizing )

Toggle Spoiler
