EA seems to be listening. A new survey is out asking for fans' opinions for what C&C merchandise they would like to see.

Background info/survey:

Direct survey link:

Be very through and type what you would like to see completely. I wrote essays on each of the boxes saying how popular the C&C action and vehicle figures have been.

This is everyone's chance to get the shout in! Spread the word too!

i very much appreciate them doing this
i told them that the tiberium and red alert eras are more marketable due to having storylines and characters
whereas generals was pretty general...go figure

and edit, i would totally wear a black and red nod skull cap
