Spoony sent me to argue in his place.

Please forward to me your details, including version of RGH, date you were caught, date and timestamps of bans in IRC format, prior forum ban threads from all relevant forums including, but not limited to (SMAK, CW.cc, Jelly AOW, Jelly Marathon n00bstories, st0rm, TheKOSS2,

thx4the.info, TroopRM Server, RenStation, NiteServ), IRC conversations with moderators and administrators from the aforementioned communities as well as any posts or threads of you contradicting your own arguments, and any additional information required for me to render a proper, multi-quoted argument that will make this thread continue for about a dozen pages.

Thank You!

Admittedly, you got style by posting here like that.

Edit: Can't wait for Spooky's reply. Can't take too long I would say...

i don't even know the guy who made mine...he had a funny nick like "mrturtles" or something (not even sure about the turtles part). he had really weird skins and posted a couple animated paint gifs. i asked him politely if i could use 1 and he was like sure bro. i like how it fits with the forum layout, so if you're still around, i'll gift u a game on steam (no gay shit)

well, that's my story

Pft, no one cheats in Renegade. It's all a conspiracy.
