---

This plugin adds support for !teamdonate, !td and !tdonate (case insensitive). It's ported from the TeamDonate plugin that reborn made for ssgm 2.0.2. I've added the following changes:

1. Players running scripts 2.9.2 or higher get a green coloured message instead of an annoying PM.
2. The amount of credits that's shared per every member of the team can't be lower than 100.
3. You get a page telling you the amount of credit per team member that was donated to them.
4. The command that was typed in isn't displayed.
5. If you don't specify an amount of credits to donate, all of your credits are donated.

To install copy TeamDonate.dll to your FDS folder and add an entry for 'TeamDonate.dll' in the [Plugins] section of ssgm.ini.

Sorry to disappoint you but i think it is bugged :/  
I can no longer type messages in F2 or F3 lol.

I type a message and hit enter but nothing happens.

You can't team donate if it results in every player getting less than 100 credits but it still removes your money if you try, I'll release a fix for that tomorrow.

You should make it where you can't team donate if your credits is less than the amount of players on your team.

You should make it so it works with the time limit.

Quote:If you don't specify an amount of credits to donate, all of your credits are donated.

What if I didn't mean to type that? 0\_o, All my credits would be gone, and I myself as a player would be pissed if I didn't mean to type it, and it takes all my credits.!

iRANian wrote on Wed, 01 August 2012 15:27neh if it's less than team player count x 100 is good enough

I'd make that optional.. If you have no ref it helps to get 40-50 cred donates, have a couple of them and you're making money.  
Good work tho

I wanted to add a timer to your team donate (like the !donate) as it had none and I also wanted to change some other things.

It seems to work okay.

TeamDonate.h

Toggle Spoiler#pragma once

```
#include "gmplugin.h"
```

```
void __cdecl PPage(int ID, const char* rgb_colour, const char *Format, ...);
```

```
void Console(const char *Format, ...);
```

```
int Get_Team_Player_Count_Working(int Team);
```

TeamDonate.cpp

Toggle Spoiler#include "General.h"

```
#include "TeamDonate.h"
```

```
#include "engine_tt.h"
```

```
#include "engine_io.h"
```

```
#include "gmgame.h"
```

```
#define GREEN "104,234,40"
```

```
int ct;
```

```
void PPage(int ID, const char* rgb_colour, const char *Format, ...)
```

```
{  
    if(ID < 1 || ID > 128)  
    {  
        return;  
    }  
}
```

```
if (!Get_GameObj(ID))  
{  
    return;  
}
```

```
char buffer[256];

donation amount.",Get_Player_Name_By_ID(PlayerID), Credits);
}
}

else
{

    PPage(PlayerID, GREEN, "Sorry %s%, but you have entered an invalid amount%, please try
again.",Get_Player_Name_By_ID(PlayerID));
}

}
else
{
    PPage(PlayerID, GREEN, "Sorry %s%, but you need to wait another %i seconds before you
can donate to your team.",Get_Player_Name_By_ID(PlayerID), WaitTime - ct + 1);
}
return false;

```

```
}  
  
}  
return true;
```

```
}  
};
```

TeamDonate teamdonate;

```
extern "C" __declspec(dllexport) Plugin* Plugin_Init()  
{  
    return &teamdonate;  
}
```

ssgm.ini stuff  
[TeamDonate]

```
; WaitTime=  
;  
;  
; Number of seconds before players can team donate.
```

WaitTime=180

I've never messed with the ssgm plugins before and wouldn't mind some tips.

You need to move

Commands->Give\_Money(Get\_GameObj(PlayerID),(Credits \* -1),false);

To directly above or under this line:

PPage(PlayerID, GREEN, "You have donated %i credits to every member of your team.",

DonateAmount);

Else you still get the bug.
