im using Q key as backwards, and it is also key for VehicleToggleGunner_Primary..

whenever some1 gets in my veh, everytime i press Q to go backwards i give the veh gun to the person in my veh.. its annoying..

how i change Q key cause its not on settings menu?

Why is Q your backwards key, why not use the standard WASD

i always used Q as backwards key so now am used to it.. cant change it..

i used to be able to edit my input01.cfg file under data/config and change VehicleToggleGunner_Primary to another key.. but after scripts 4.0 i cant find that file any more..

any ideas?
