you remember MSGTPain (dude that owned The Pitts)  
he was caught aimbotting a few years back and disappeared  
even so Renegade is still alive (arguably)

Loved the "undead" state someone mentioned a few days ago.

EDIT:

renegade's defense it was never truly alive  
so the fact that it's still not quite dead is a success in my eyes  
If it's not exactly alive it's at least undead.

they did, they got completely destroyed and people where laughing about it for two years after and wol player's opinion of gsa players dropped even more

i remember when servers used to run GSA when wol was down and people with 30 characters long nicks would join lol

Yeah, that was during the time my ren cd exploded and I didn't know anything about no-cd cracks at the time

If I had been around it would have been a 5-0 victory for GSA.
