Well after him letting me know I was using some cheats with 4.0 scripts in a 4.0 server I started to take some screenshots to make him a little happier, I know he will say they are no good because he doesnt believe I was killing him but here you go r4m.

Try posting them in the servers own forum? Highly unlikely he will ever see them here, I don't think he is an active member of this forum, unless he goes by a different username.

Ok fine you don't cheat whatever. 4.0 is kinda weird to get used to. I know you don't cheat. I was uber frustrated and I shouldn't have raged like that. I apologize. I don't come on these forums bc anything I might say would be ignored or flammed. And calling me a fucking retard...real original. 10 year old game...who fucking gives a shit anymore.

well it's noobstories can't expect much, pretty much all their mods troll their players into insulting them so they can kick them, joejjj80 did it 5 times (to kamikash0, sn1p1ng2U and some others) when i played there an evening few days ago breaking my 15 consecutive most kills games

Fun times when Jarhead did that to us mods when we were playing under aliases lol.

Rofl.

Getting most kills in n00bstories where only noobs playing doesn't take much skill; just sayin.

Anyway, I almost got banned there for taking the point... What the fuck.
