Thought it was interesting that RenegadeX was featured on the UDK home page.

Fixed that for you.

Quote:And for the record, fail is a verb, and is something you do, like fail at English. The act of failing is "failure," and is a noun. People and things can be failures, but they can't be "fails." That doesn't make sense. So when you miserable pieces of shit say "fail," what you really mean is "failure."

Too bad the forums don't have a [paraphrase] tag. Maddox knows what he's talking about.
