it started out like a piece of cheesy shit but got more interesting close to a minute in  
i'd re-build the intro and make it shorter so you can get to the cool part without getting irritated  
make the ending not just DURP,  
DURP, DURP, DURP, DURP, DURP, DURP, DURP, DURP, DURP, DURP, DURP, DURP, DURP, DURP,  
DURP, DURP, DURP, END.

i think overall you're getting better lol

Sounds much better than what I remember you posting like last year. Your use of timing has gotten much better.

It sounds consistant but you're no deadmau5 yet, But deffo have improved a lot. Try and use better sounds and stuff.. and more bass wouldn't hurt, the part after the intro and before the end-ish, if I heard that in a club I think I'd dance to it.

keep practising, edm 'n music making program isn't easy to learn, but you've progressed, keep it up man!

I feel this track needs some female vocals. I agree that the beginning and ending need to be changed.

you could make a renegade-friendly version  
insert renegade sound clips into it

Iran could do something like that

Havoc, don't you wanna get in that tank? \*bass drop\*

You are getting better. I was able to listen to this all the way through feeling like it is actually a "track". I do agree that the beginning and ends need changed drastically. Keep it up and you'll keep improving.
