Yeah he is tempozia.

Put it one way, he's forced to use scripts 4.0 at tmx. If I had my way, he'd still be banned (the one I put in place in 2007). screenshot please. He forgot to turn off his radar hax on his rgh. Fail.

Edit: I'll get someone to look into giving him a mute for racism.

It's not the tempozia Azazel thinks it is, apparently it's just someone that used the same name as the dutch Clanwars.cc player who got caught using radar as MILKYGIRL in TmX.

Bad luck in nickname choice.

Haha, yeah, you're so good without cheats, you decided you needed to run some cheats!

Haha, yeah, you're so good without cheats, So true.

The fact of the matter is, I never even needed any. Jus got lazy. Still as good w/o any. Anyone that still plays wiv me knows, that there's been zero change in my style of game play. If anything it's improved.

perhaps you and derfcow share the same view that using cheats isn't cheating

2 or 3 members have been caught using something and have been promptly removed, but some of them are legit it seems...

If you're not a complete retard you'll notice how Azazel keeps bragging that he's just as good as he was before 4.0.. funny thing is he got caught with triggerbot, and it still works on 4.0

btw if you're gonna cheat, don't set out on being Mr.Anti-Cheat and then cheat.

and that's coming from Loki

Never trust a cheater
