To start off, anyone know who [WaR]Lisanne and [WaR]Jenny is/was? They were in the eyes of people that knew them, the sisters of Alpha4Delta.

[WaR]Lisanne -

Known by some to have cancer at a young age of 14 (the youngest sister). She went through lots of chemotherapy and was thought to be believed cured of cancer. Eventually it came back and she passed away at a young age. A special tribute was put out for her during a community war with "Team Noobless" vs "Atomix" and also special pink signatures were made in her memory that some people still use today. She had a lot of love for the game Flight Simulation.

[WaR]Jenny -

Age 19, she enjoyed the game of Renegade and made many friends. She was the type of church girl you wouldn't think would play Renegade. Also had a lot of love for Flight Simulation. She tragically was killed in a car accident last year, 1 year after her sister's death. She bled out in the hospital and later was pronounced dead. 6-8 months after her death, she was pronounced "alive" according to her brother who claimed "my sister is alive, she called my phone and said she was kidnapped. I'm going to go get her now".

At that moment, you would question how sketchy that is, right? Ya no kidding. But eventually people saw Jenny play Renegade once again after coming back from her supposed "kidnapping" in Amsterdam. And things went back to normal. People questioned it, but moved on and was happy to see her alive.

Now then, everything I just stated. All lies. There is no Jenny. There is no Lisanne. They were an "illusion" created by none other than Alpha4Delta himself. These people don't exist. The names are people that go to his church. The pictures of these people are people that go to his church with the names Lisanne and Jenny. The teamspeak voice of a female, is him using a voice program. So to the people that thought they made memories with Jenny and Lisanne, oh ya, you really made some memories here. Remembering nothing more than something that didn't exist. Why did he do it?

Quote:

The reason why I did so was because I felt so unsure about myself like I said before... I just... didn't want to be my real self anymore.... and it seems to be so easy on the internet....

There you have it.

I just like to post this for everyone to know about the fucked up people in this world that breathe the same air we breathe and wish nothing more than for them to be beated to a pulp for their

fucked up shit that shows the extent of how psycho people can be in this world.

So Alpha4Delta, a big FUCK YOU to all the people's hearts you fooled for over 5 years. FUCK YOU a million times over and all of your alter-egos.

lol

Wasn't Hate in the [WaR] clan at some stage? I faintly remember some 'girls' in War some time ago, not sure if it was them. It most likely was.

Anyhow, that's fucked up; but nothing new to the internets I'm afraid.

Thanks for letting us know, I guess.

This should not surprise you, I am actually more surprised they were not both males, or better yet, both the same person. (And now that I read the whole quote I see they were... surprise).

Webcam is about the best you can do to prove that someone on-line is what they claim to be and even then, that will not prevent somebody from paying a prostitute, or perhaps a close friend, to hop on the cam to trick you.

I think the rule of thumb is, if it's a girl, and she likes you on-line it's probably too good to be true.

I'm sure there is a nice statistic out on the net that shows that only 1 in 10 internet females are actually a female in real life. lol
