Guy plays a Laser Harp on Britain's Got Talent. He mentions Command & Conquer (and other games) as his favourites.

I thought his audition was the best act in the whole series.... Shame the live semi-final performance wasn't as polished.

I have nothing useful to add to the discussion, so I've written Plus One in order to be a larger douchebag than I usually am. Writing is too difficult. It's just easier to write "+1", as if saying "+1" does anything. Also, I'm a faggot.

I never watch those programs but that was actually pretty cool.
Also in a big part due to the fact he programmed it himself
