Subject: memtracker message Posted by robbyke on Wed, 13 Jun 2012 00:08:50 GMT View Forum Message <> Reply to Message

since beta 5 when i compile (in debug) my memtracker gets bigger and gives me this error

only i dont know how i should handle this

im pretty sure i do something wrong but how can i find out what

File Attachments 1) mem.png, downloaded 752 times Microsoft Visual C++ Runtime Library Image: Assertion failed! Program: C:\Westwood\RenegadeFDS\Server\kambot.exe File: MemTracker.cpp Line: 203 Expression: *post == POSTFIX_PATTERN For information on how your program can cause an assertion failure, see the Visual C++ documentation on asserts (Press Retry to debug the application - JIT must be enabled) Afbreken Opnieuw Negeren
