Play game 10 years, and unable to join a server, derp?

Also congratulations on being good at one aspect of the game, and even then being a pussy  
about it (hugging).

Also congrats to contributing to the amount of cheats available in this game, your big beacon  
arrays and such (which I bet you still use, even if not constantly, but every now and then)

Also sorry Jason took to long getting my pizza ahah, THEN THE SHOP WAS FUCKING CLOSING AS I GOT THERE!

So you admitt to using my cheats on multiplayer cool lol good job!

And no dipshit, they are w3d files and 4.0 server will ban you right away. Jelly on the other hand wont.
