You have to register your serial on XWIS.

If your connecting to wol (which I assume you are) you need to

Follow these steps:

Multiplayer Internet

Westwood Online

My Information

Untick Automatically login with this account

okay

Advanced game listings

Change your password to the one that xwis has assigned.

Login

Play.

I'm wondering what caused this. Did the installer ask you for your serial and did you not enter one? The advanced game listings did work before you installed TT, right?

I'll ask him to clarify on msn and post back.
