Subject: [SSGM 4.0 Plugin] Crates Posted by Xpert on Fri, 06 Jul 2012 16:22:55 GMT

View Forum Message <> Reply to Message

Yes there is a crates plugin already in SSGM but it lacks certain crates that many have seen in servers before. Some include the Kamikaze, God, Money Multiplier, Blown Fuse, Big Boom and more. I also edited the timer for the crate to spawn 1 minute after it's last pickup. In time, I plan on adding additional settings and also changing the PPAGE stuff to color messages so iRan can be happy

NOTE: I took out the gay Uber Wire Crate and replaced the Tiberium Death crate with a Tiberium Shield crate. There's too much death crap as it is.

#### Quote:

### Created by Xpert from Atomix ### irc.ax-games.net ### www.ax-games.net

#### ### CREDITS

Thanks to Black-Cell's original concept and idea for a lot of the crates.

## ### DESCRIPTION ###

This plugin will allow you to replace those yellow boxes ingame with special crates. I added sounds to certain crate events so it won't be so plain and also extended information for the \_CRATE SSGM header.

### CHANGELOG ###

V1 - Release

### Installation ###

Place this in the ssgm.ini plugins list of course. Below is what should be in your SSGM.ini for the crate settings.

[Crates]	
;	Crate Related Settings
;; ; NOTE: crates.dll plugin required	

: EnableCrates=

:

Decides if there will be ANY crates, both old and new, on the map.

#### EnableCrates=1

: EnableNewCrates=

;

- ; Decides if there will be new crates, if this is set to 0 and EnableAllCrates is set to 1, normal/old crates will spawn.
- ; New Crates turn those little yellow boxes into a lottery-based system that can help turn the tide of any game,
- ; and can lead to some pretty fun times.
- ; Crate log messages will use the "\_CRATE" header.

## EnableNewCrates=1

; AllowVehCrates=

;

; If set to 1, vehicles will be allowed to pick up crates. If new crates are disabled, this will always be set to 1.

## AllowVehCrates=0

; Crate percent configuration.

; Controls crate percentages for all maps.

; If you want to disable a specific crate, set it to 0 or leave it blank. Make sure the total sum is 100, or SSGM

: will use its defaults.

Weapon=9

Money=9

Points=9

Vehicle=7

MoneyMultiply=4

BlownFuse=4

BigBoom=4

Death=2

Tiberium=2

Ammo=5

You might want to look at the crates here:

http://spencerelliott.co.uk/downloads/BetaCratesPluginWin321.0.zip

Some additional crates:

CrateMoneyMultiplicator=2

CrateSpeedySolider=2

CrateBasePower=2

CrateTiberianShield=3

CrateSecondWind=3

CrateKamikaze=3

CrateRubberVest=2

CrateMutantHiJacker=1

CrateIonStorm=2

CrateHealingAura=3

CrateEMPGun=1

CrateDisArmProxy=2

CrateHealthGen=2

Apparently I forgot to include the .dll file with this download. I uploaded it and updated my first post.
