TTW is a total conversion of C&C Renegade, you don't need Renegade to play TTW online/offline.

Ren feeling in a new setting

Download TTW from here

What you need?

- A computer who can run TT
- TTW downloaded and updated (from Launcher)

We planned a event this Saturday (28.07.12) at 21:00 GMT+1. You can join on TTW before that date.

What we will test?

- Many Tanks and Troopers.
- Fight in a lot of AOW/DM/Conquest and Tower Defense maps.
- C&C 3 FPS.
- a lot more.

Thanks.

Now, I know I'm nitpicking, but, what the hell is a pre-beta? Isn't that an alpha? Does this fit between beta 2 and beta 3? Or is it more of the release candidate of beta 3?

Is a release before Beta 3 is finished. What was proposed on Beta 3 is not finished and yes is between Beta 2 and 3.

I see pre-alpha here, we called it Pre-Beta

Yo EvilWhiteDragon, your signature image is on a restricted location (BlackIntel FTP) and is causing login dialogs to pop up on pages you posted in.  
Would you mind changing your signature or making the image location public?

@sla.ro: pre-beta is a non-existing term in software development.  
It is either Alpha or Beta. Since you call it pre-beta 3, you probably mean Beta RC3 or similar.
