In Jelly we're hosting funwars every friday around 10PM GMT, and every saturday and sunday between 10 and 11PM GMT.

They've been a great success so far. We mainly tried to get some newbies to the whole thing in and once you manage to balance the teams out it's pretty good, it's still as intense and it's a great learning experience for them. We've also had just proper funwars with only people who have (lots of) experience playing this shit, those have been excellent as well.

If anyone is interested, contact me around those times and I'll give you the password etc.

We'll all be hanging around in the jelly TS around the time as well: ts.jelly-server.com

Hope to see you then!

Pretty sure I'll get my PC setup in the next few weeks, and if I'm about I'll definitely come play.

Good to see someone's trying to get these going again.

glorious raven managed to put together a timetable

11PM GMT+1 (Germany, NL)
5PM Eastern

4PM Central
3PM Mountain
2PM Pacific
7AM Next Day (Australia)

We generally set them up between 10-11pm GMT and play for an hour or two, anyone is welcome to join in then. Fridays there's less euros around and more americans, and generally they'd like the setting up begin around 9pm gmt, so come a little bit earlier on friday.

Major-Payne wrote on Fri, 28 September 2012 22:51so come a little bit earlier on friday.

Come a bit earlier everyday!

Be on 10 minutes prior to match so we get you in the server and actually play at exact time.

Us EST guys like Dead718 and myself who have been consistent players in these weekend wars have dinner plans all the time with friends and can't be bothered started matches at 5:45 EST when we have to go out with friends to eat by like 6:15-6:30

So please be on sooner if possible or else there will be no wars with lack of people and you all will continue to suck at renegade =p

Pshhh I got got this shit started at 5EST and we managed to get 4 solid games in before I had to go and before guys like nafets went to bed and such.

Really accomodates everyone a lot better if people don't mess around.

I had a lot of fun today

Funwars still ALIVE! Trying a little time change today!

<http://jelly-server.com/forums/index.php?/topic/20424-funwars-still-alive/>

Funwars still alive, I usually like to start this earlier than what the sticky says so it doesnt get to late for some or cut into my dinner time. And then we have sometimes even kept playing after ive had dinner like 4 hours later than start time so the australians can always join on and hope we have some games still going while the GMT+1 people may have gone to bed, and some of the others may be getting off work or something like that.

I missed playing last weekend so I hope for a good turn out today. Everyone could use some practice before the commwar tomorrow against MPF. Even though we are playing completely different maps, doesnt mean you can't brush up on your skills/teamwork!

Come out and play today! I believe the times are correct.

9PM GMT+1 (Germany, NL)
3PM Eastern
2PM Central
1PM Mountain
12PM Pacific
5AM Next Day (Australia)
