Hey guys,

It has been a while since i posted a new track or produced one.

Here is the new one and as always i really would like to hear from you guys what you think about it.

You can skip the intro from 0.55m :

soundcloud.com/sound-officials/sound-officials-open-control

Im looking forward to your reply's.

the intro is garbage - why even have it?

:57 to 1:46 could be sped up a tiny bit imo

it starts to flow better later on, but the karate chop sound that makes up part of the beat sounds kind of absurd lol
