I have started a new server for everyone who loves to do DeathMatch maps.

Our newest server Infantry 4.0 is online 24/7.

Direct connections can be made to the server IP @ 74.63.225.154:10500

The server nickname on XWIS is a0000000x

Its title on Renlist/GSA is "UltraAOW.com Infantry 4.0"

Moderator Applications for this server are OPEN, just post an app in the subforum for it when you go into the Renegade forums and we may accept you into an Moderator position.

Scripts 4.0 is not forced or required but it is highly recommended as it downloads maps on the fly and stops a dozen known cheats

Rank stats are recorded at <http://www.ultraaow.com/ranks/Infantry/>

Current Server Maprotation:
