Be on ts.jelly-server everytime you play and we will find you during the evening hours and we will play! You can even find others on your own and keep the teamwork going!

Just some clips from tonights action that was a 4v4 planned within a couple minutes of us being on together.

Any questions about server and TS info you can send me a pm

I don't want to upload every video of just me tanking because then you don't get to see everyone else in action. And I am the best tech in renegade.

More like the best players playing with each other. Anytime anyday we always try to get atleast 3v3s going. Not really a set time or date anymore. If your on, just be on TS and we will find you.

I like how you keep showing clips of the games we won lol.

4vs4 are the best.

I blame hitman for everything.

Always more fun then any public game.

Well they dont really show who won what round. I showed equal action on both sides of tank battles. Us losing some, me getting killed and us winning some.

Actually in those clips we only won complex and walls. We lost islands when we ran out of money, lost volcano by points so we gamed it not sitting in a stalemate since hero lost his sbh nuke to a timer on the hand and we lost field when we lost hand.

And in that last clip GDI had a stolen arty I swear it was not me!
