Leider ist dieses Video, das Musik von SME beinhaltet, in Deutschland nicht verfügbar, da die GEMA die Verlagsrechte hieran nicht eingeräumt hat.

Thought I smoked too much during that commwar we had when I saw floating names and bullets coming out of no where lmao.

I wonder what caused that? In all my years i've never seen something like that. Would be cool if we could reproduce it, but I think crush said it dropped invisible from the plane so it's something before or during creation.
