many servers actually have infinite ammo for infantry now
tanks don't have to reload, so why should weak ass foot soldiers? you can snipe until the map ends without having to refill for ammo lol

i think zend plays in RenCorner with Joetorp

You're totally right. I don't know anything about "real ren" because I haven't watched Ren & Stimpy in over a decade.

Water, fire, air and dirt. Fucking English, how does it work?
