if the thought of me being angry is the only thing bringing joy to DJ's life then i'm ok with it  
i still don't understand why he thinks so highly of himself  
any non-retarded person would probably hang their head and leave in embarrassment, but he  
keeps pushing on with firmly retarded determination

Did you know that Ur is a city, not the words your or you're? I'm just going to assume that you've got sausage fingers that individually weigh several pounds each, requiring Herculean effort to move them into position over your keys. I can't imagine any other circumstance where typing "your" would be so difficult as to require shortening a word that takes a half second to type.

Typing must be so hard for you. Work out those fingers, fatty! You lack discipline!
