I love how he only got 3 years in jail for doing it too. At the same time you can also go to jail for defending yourself with weapons if someone is robbing your house.. UK seems legit..

I don't know why people think years in prison aren't a long length of time. Three years in a place where you have to fear for your life every day? I'd rather not spend a single day there. Then again in the UK prison is probably just your regular hour without any access to soccer tv channels.

I agree. I wouldn't want to sit in jail for a day, let alone months/years. The amount of shit you could miss out in life would insane (if you have a life lol) - either way I still think this kid deserves more than 3 years..

UK prisons are just a small room with tv or group home, definitely not fearing for your life lol

my point is simply that the U.S. would not have let that nigga off with three years lol and that's a FACT
