UltraAOW 25K Quickend

In the 25K Quikend or Weekend if you will, we will set the server starting credits to \$25.000 which will garantuee most maps will be quick, or maybe not?

All other settings are standard.

When?

The Weekend of Friday the 17th of May till Monday morning the 20th of May.

TT 4.0 Update is Required

The Tiberian Technologies Update 4.0 for Renegade is required to play on the server.

You can download it on their official website if you do not already have it.

It adds lots of extra's, anti-cheat and a ingame automatic map-downloader, awesome stuff!

Active Server Plugins

Of course the server will run our own mpf_newmaps.dll plugin which adds additional functionality to the server such as Veterancy and Special Crates & Power-ups.

Other plugins running on the server are for example the Team Donate and Infinite Ammo.

For a full list of modifications and adjustments please visit our Website. (changelog)

Game Prize

This month's Game Prize is Sim City 4 Deluxe Edition on Steam.

The person ranked first on our server at the end of May will receive this into their Steam Account as a gift.

Mappack is Available

You could download our Mappack before joining the server. This ensures you have all the maps already.

Then you will not experience any ingame download dialogs which may take long if you have a slow(er) connection.

All you do is click Next, Next, wait for it to install the maps and then you're done and ready to join.

Thanks

Thanks people for reading this and maybe joining up this upcoming Friday the 17th of May.

Please feel free to spread this news around a bit to attract more people and let's see if we can have some fun the Weekend it lasts.

So you agree with what trist says then? MPF is full of retards? ok

Trist you will have to take one for the team and be listed as a retard, however you are probably the smartest retard there

if they were, what difference would that make?

is he upset that Jelly players called him an invisihugger (when he actually had a video of himself invisihugging on Jelly - go figure)

maybe it's better for his god complex to pretend all criticism is null and void

he's also under the assumption that he's great at Renegade, because one of his first insults is that other people are bad (if you've actually played with DJ you'll see why that's humorous)

i still don't understand why he thinks so highly of himself - he's not actually great at anything, let alone good

my guess is he got so tired of me asking that he put me on ignore - better to run and hide from the truth than suck it up and face it like a man

anyone that tells DJ he's wrong is from Jelly

he couldn't possibly be wrong; they're just wrong because they're from Jelly
even if they're not from Jelly they have to be wrong somehow

seeing the god complex yet?

I think we run a pretty fine server and many people join it and seem to have fun. That's the most important i think.

Sure a dozen people probably don't like some stuff we have on there but oh well; can't please everyone i guess
