So we've decided to run a throwback event and play some games of RenAlert 9935 again.

I figured that it could be a bit of a blast from the past for some of you, so here's the info and a link to the FAQ if you guys are interested (or not).

^^ Clicky! ^^

I think it was one of the staffers from the time. Darkblade or Agent whatever come to mind but I'm not sure.

I know Jon did something like that before too, but that's clearly not his face.

It was some dude Darkblade talked to who had a picture of himself at a rave. The reflection in the goggles is just a dance party.
