The other day I was playing like any other day but than I was kicked in the middle for having a offensive name. I was told by a mod my name was as bad as hitler. I happen to be jewish and Israeli and did not understand as I know my name is nothing on that level of hurting or attacking a race.

Has anyone had this issue?

Added: The name was mung which I've been using for the past year.

The correct place to adress this would be the forums of the server you have been kicked from, not here.

If you read his post, he wasn't asking for a ban appeal, but more of people's opinion and experience with something like this.

Hey now, that was alittle mean.

Anyways I just wanted to know if anyone has had any such issues in the past?

I know it's a gross word but it's not like a word on the level of racism.

These forums by nature are mean Loboys2. In the old days these forums were fun and served a purpose. You will see the few left here be even more mean to DJ because, well he is just a idiot and asks for it as you can tell by his reply. (Thought you rage-quit Ren DJ.)

To answer your question I have never seen anyone with that nick or issues with it. If you joined the MPF Renegade server with that nick you would be allowed to play.

Maybe appeal to him that you did not intend the nick to be offensive and talk out a compromise.

Good luck!

Without going to much into detail, the decision that had to be made was actually simple, there was 1 admin on the 1 hand, and a halfmod on the other hand. I cant nor will i blame the responsible persons for the decision they made, wyldone as usual already sucked up his way deep enough into a community like he did before to influence them when it came down to that decision. it would have happened anyways sooner or later, therefore it was expected.

pretty sure DJ is close to the same age as shaitan but oh well you made DJ so angry that he wants to step on your feet Wyld it sounds like a kinky German thing

DJ made it pretty clear that he was right and only lost at something because he had less power than the other person - it couldn't possibly be because the cookie monster was correct!

mung doesn't involve a pregnant woman, btw - it involves a recently dead one and is more disgusting than you apparently think

i personally would rather you used a different name when you played, because while i don't think too much of it i know there's people out there that would probably get offended or outright disgusted if they actually knew what you had in mind lol

It has that as well, but it also means the stuff that comes outta a pregnant woman. It also is most known for a kind of bean. People can choose to look at it in whichever way they want.

We play a game in which people kill eachother and yet people are afraid of a word that is disgusting depending on the context.

DJ lets look at the facts right.

St0rm Moderator 8 month and got removed by Troy and myself

St0rm you return as a moderator for 1 month and get removed again by Dave78742 and Rduben88, why because you argued that you caught a user using *cheat name removed* just because he could glitch hug better than you and it was proven lol.

MPF you were removed first time cause you couldn't keep your mouth shut and was always threatening people including me and look where it got you your removed and guess what I never got banned and I still play there

MPF you got re-added and didnt even last 1 month and got removed again for arguing with admins and you tried blaming wyld for it lol
when wyld was doing his job and stating the fact. You are not worthy of been a mod.

So DJ instead of coming out with all the (Tiny you got anymore communitys to DDoS) if I had DDoS'ed anyone you think I would of been banned from XWIS and been reported yet so think on dipshit and I still got logs of you saying to me on Rencorner IRC will I DDoS MPF for you in a IRC pm so I suggest you start your community backup and fail at that like you did before so jog on yellow teeth
