Seems to have happened pretty suddenly today.

He's been around Jelly-Servers for years as a moderator and it is sad to see him go.

Our topic is here: <http://jelly-server.com/forums/index.php?/topic/21872-rest-in-peace/?p=318572>

He's dead seriously? He was one of my favorite people I've ever come across online .. he was on the forums 2 hours ago and now he's dead? That is literally insane. How'd you get the news so quickly?!

If this isn't some type of weird troll, then it's pretty amazing that one of his last actions while alive

was to visit Jelly forums.

Ya not a troll at all. We got confirmation based on his facebook.

It's pretty crazy. He was literally just playing world of tanks through out the week and then he was on the forums yesterday skimming through stuff. Few hours later, we get the news that he died.
