Damn I was a good looking 15 year old. Little creeped out that you have that photo though because I don't even remember where I uploaded it all those years ago. I guess that's to be expected from the weirdest man on renegade.

What would constitute "winning" this topic? There is no "winning" on RenForums (or on any Internet forum for that matter), at the end of the day we're just jacking each other off on a website that is a relic from a very old game that very few still play.

Each person claims that they aren't a no-life loser (which is contradicted by the fact that they're posting on a 10+ year old forum) and that everyone else is the no-life loser, when the fact is that everyone on here is a no-life loser.

Pretty successful troll, I hate being the child of millionaires. I guess I wasn't making my posts clear enough, I can understand why someone like you who lives off welfare would be so happy for obamacare though. As someone who is currently in med school not one person actually involved in the medical field likes Obamacare.

It cracks me up so much. ACK and Ethenal teaming up. Let's read off their statistics shall we.

Ethenal's biggest accomplishment: smoking weed in his principal's office. (don't mention this

though he'll ban you from whatever community he's currently power tripping at.) Other notable facts: his face has more meat on it than your average pizza, accutane treatments are ineffective. He's relatively overweight (can't blame him though when your family can't afford much more than McDonald's on a daily basis), he has no friends outside of renegade, and he has never obtained an education outside of what's publicly available. He also dated a girl he met on renegade over the internet from Belgium for like 2-3 years before deciding she was too crazy for him, everyone knew she was crazy after the first two weeks but let's be honest where is a kid like this going to find another girl?

ACK statistics: Only place he has ever belonged was this forum. Banned from all renegade servers for harassing and bitching at everyone that kills him. (He was god awful at renegade but cried more than anyone the game has ever seen.) Ugly transexual man, lack of intellect, lives off welfare, stole money from renegade communities to afford ramen to make it through his days while keeping it hidden from his girlfriend of the time.

Wow you two really are worth arguing with online - I bet this is your only form of entertainment. You guys pick on DJ to no end, when the tables are turned you two are the most easily butt hurt in the entirety of renegade. (Iran might be a little ahead of either of you, hard to say)

I laugh at how I can't write anything anywhere in renegade without Ethenal obsessing over it and having to troll me, I bet sometimes he even wishes he was me! Continue living that poverty lifestyle cool guys!

Ethenal just curious, does weed help slow the development of zits on your face? I know it has many medicinal uses so I hope that's one of the benefits you can get from it brah. I know that's why you're so angry at the world, you didn't get dealt the best hand of cards but trust me, there's a beautiful life out there if you can get free from the restraint your computer screen has put on you. I'll talk to my parents and see if you can stay in our vacation home if you want. It's probably quite a bit bigger than your actual house but you'll get used to it in time.

Inb4 you terrible trolls repeat one sentence from this post over and over again or give a one word response about how I'm butt hurt. Too predictable. That's what happens when most Neanderthals had a better cognitive ability than you so I welcome that "tactic".

Now can the two biggest rejects in the community please stop picking on DJ-Eye-K? I'm sure if he weren't ESL you would have no chance to argue with him, last I've heard neither of you speak another language fluently. (Does nerdy scripting code count?)

Jesse wrote on Thu, 17 April 2014 10:05 Aircraftkiller wrote on Wed, 16 April 2014 17:06 I think he's funny. I also think you're funny, too, since I find anyone who blames Obama for his parents' failure to run a business pretty amusing as well.

Pretty successful troll, I hate being the child of millionaires. I guess I wasn't making my posts clear enough, I can understand why someone like you who lives off welfare would be so happy for obamacare though. As someone who is currently in med school not one person actually involved in the medical field likes Obamacare.

It cracks me up so much. ACK and Ethenal teaming up. Let's read off their statistics shall we.

Ethenal's biggest accomplishment: smoking weed in his principal's office. (don't mention this though he'll ban you from whatever community he's currently power tripping at.) Other notable facts: his face has more meat on it than your average pizza, accutane treatments are ineffective. He's relatively overweight (can't blame him though when your family can't afford much more than McDonald's on a daily basis), he has no friends outside of renegade, and he has never obtained an education outside of what's publicly available. He also dated a girl he met on renegade over the internet from Belgium for like 2-3 years before deciding she was too crazy for him, everyone knew she was crazy after the first two weeks but let's be honest where is a kid like this going to find another girl?

ACK statistics: Only place he has ever belonged was this forum. Banned from all renegade servers for harassing and bitching at everyone that kills him. (He was god awful at renegade but cried more than anyone the game has ever seen.) Ugly transexual man, lack of intellect, lives off welfare, stole money from renegade communities to afford ramen to make it through his days while keeping it hidden from his girlfriend of the time.

u mad bro?

Jesse, at least admit to yourself that you only made this CS:GO thread because you wanted to get back into the shit-throwing fest that is RenForums, because somehow insulting people on the Internet makes you feel better. I'm not saying I don't participate, but you literally got banned for a month because you took it too far and you actually came back to keep the party going: case and point, this post. I only quoted it for posterity, because I didn't want you to be able to delete this beautiful little essay you wrote for us.

Let me repeat that again. You got banned... from RenForums. The cesspool of Renegade. What does that say about your attitude?

Read all the facts I stated about your life (FACTS) and then please take a vacation from your computer. Vitamin D is proven to help acne and you might even find a girlfriend outside your computer.

I should have taken a screenshot of you the one time we skyped all those years ago, would have probably made for 100% more fun over the years. Kid with so much acne on his face you can't tell where his facial features are supposed to be and you must have been 5'4 250 pounds. Living the dream making fun of DJ all day on the forums with the help of the only person more socially awkward than yourself.

I even called that you'd post one sentence troll reply and you did, now hit the treadmill and refill your accutane prescription before you reply again please.

Also I literally made this topic for CS:GO chat only as I know about 10 people here play but you morons ruined it for me - how dense are you? I even tried taking the high road once again but you pieces of shit make it literally impossible. The fact Crimson doesn't ban you trolls that literally make fun of her whenever she's not around and banned me the person who sticks up for her is hysterical on another level.

Now should I get the guest house ready or not? You could definitely use a diet consisting of something not available from a dollar menu.

Ok I admit, I made a very stupid mistake attempting to "troll" you again... now I am reaping what I have sowed; you're once again angry as shit, basically just repeating all your (made-up or otherwise) grievances against me from the "Banned from Jelly for nothing" thread. I'm sorry, I admit, I fucked up thinking I could poke the bear and nothing would happen.

But you need to chill out, man. You have some serious anger issues.

You have some serious obesity and acne issues. Post a pic and prove that my grievances are made up? We both know that would never happen because you'd never hear the end of it.

Is 5'10" and 170lbs obese? I think technically on a BMI chart it's very close, but nowhere near your claim, lol.

I said made-up grievances because I definitely never Skyped you, you're not on my Skype + the only people I ever Skyped from Renegade was liquid and atrocity.

Did he burst a blood vessel in his brain or something? Literally nothing he wrote has any basis in reality. So how's your parent's business coming along? Still blaming Obama because you guys suck at running it?

Keep herping that derp lol

Wrong, we skyped. This was years ago so maybe your obesity and acne have subsided by now, but you should post a pic just to be safe.
