Get the latest version of RenList. Download here:

<http://www.renegadeforums.com/index.php?t=msg&th=40719&start=0&>

Or use the update option in the RenList menu.

I run into an issue a lot where refreshing it doesn't seem to get any server, I went ahead and favorited my favorite ones, now they always show on renlist even if it is down.
